

Bay Haven

CARE COMMUNITY

Bay Haven will be hosting it's 2nd annual Talent Show on Tuesday, February 26th! Everyone is welcome to take part or to come and watch the show! We are encouraging staff, residents, volunteers and even family members of residents or staff to join in the fun! Encourage one another to participate so all can enjoy your wonderful talents! See details on Facebook or on the poster within the building for more information or contact someone from the Recreation Team if you are interested in participating.

Palliative Care Committee

Bay Haven has a great new Palliative Care Committee who fundraised for a new Palliative Care Cart. Due to the wonderful Bake Sale, the Committee is happy to announce that they were able to purchase their own palliative care cart. Congrats! Palliative Care Committee members continue to meet bi-monthly to discuss and learn best practices to support all residents and families during end of life. For more information on this committee, please see brochure at the front entrance of the Nursing Home next to the sign in binder.

February 2019 Newsletter

Tomber amoureux de la **FRANCE**

On Tuesday, February 19th, Bay Haven will host our next Cultural Experience Day, and this time we will be discovering France! All food, decorations and programs will be based around the french culture. We encourage all staff, residents and guests to dress in all things french.

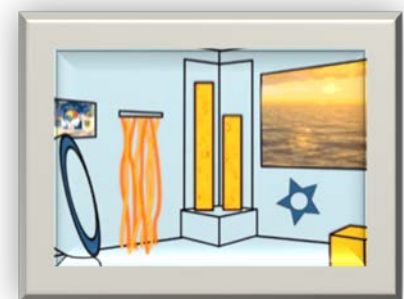

Merci!

Happy 50th Anniversary **Bay Haven!**

Bay Haven celebrated its **50th Anniversary** on January 15th with a grand party. The afternoon included a lot of great food, music and wonderful people! We would like to thank all staff memebtrs for their hard work on this creating this special day, and encourage you to look at all of our photos on our Facebook page, or Dave West's photos on mycollingwood.ca

Nursing Home Snoezelen for Sensory Stimulation Program

The Recreation Team has made some new Snoezelen purchases for our Sensory Stimulation program. Snoezelen is a multi-sensory stimulation treatment that targets the primary senses through the use of lighting affects, textures, music and various scents and has recently been applied to the dementia population. Bay Haven is excited to start using these new items to enhance our Sensory Stimulation program.

Why We Love Bay Haven?

X's and O's

Bay Haven is celebrating Valentines Day, as well as the beautiful city of Paris, France! Residents will be painting a mural of the Eiffel Tower and cutting out X's and O's to place around the tower. Residents are asking family members, staff, and guests to write on the X's and O's about why they love Bay Haven. Ask the Recreation Team for more details.

Slush and Snow and Mud OH MY!

Housekeeping and the Health and Saftey department would like remind you to change into your shoes when you come inside from winter weather. You may also put on blue booties, which are provided at each entrance of the home. Lets keep our home floors clean and safe to prevent anyone from slipping. Thank you.
