

## Roseanne Celebrates 50 Years at Bay Haven

This year, Roseanne achieved a milestone working at Bay Haven Care Community for 50 years. Roseanne spent the last 50 years enhancing the lives of residents by providing person-centred and high quality retirement living in Collingwood. Roseanne's passion, positivity, and hard work ultimately became crucial to the development of Bay Haven in our community. Her love for residents and her dedication to Bay Haven played an enormous role when she started working alongside Elwyn and Dawn Strandholt in 1970. This year, we celebrate her entire career and accomplishments with a certificate, cake, roses, gifts, and a compilation video. On behalf of all the Bay Haven Care Community staff and residents, we want to say congratulations to Roseanne for all her hard work!

## A Message from Dr. Gandhi

Dr. Gandhi sent out an message to all family and friends at Bay Haven Care Community regarding new information about COVID-19. The message is about new updated research about the virus and how it spreads. Dr. Gandhi talks about why it is important to wear a mask and told families to invest in a high quality ventilation and air purifiers with HEPA filters to protect residents and themselves from COVID-19. These air purifiers have also been placed all around the main central areas at Bay Haven Care Community. To read more on Dr. Gandhi's message, please visit the Bay Haven Care Community website or Facebook page.

## Thank you for supporting Stuff A Stocking For A Senior

We would like to say thank you to everyone who donated to our Stuff A Stocking For A Senior program. We are incredibly happy to have received a generous amount of donations from all of you. All of these stuffed stockings will give our residents a wonderful Christmas this year!

## Simcoe County is under Orange Alert Status

The following changes will be placed for Bay Haven Care Community due to the increase numbers of COVID-19 in our area.

- Weekly COVID-19 testing is required for all staff providing direct care and all Essential Designated Caregivers.
- Proof of negative test is required for staff providing direct care and Essential Designated Caregivers.
- All other staff are required to be tested every two weeks.
- General visitors are NOT PERMITTED.
