

We Are No Longer In Alert Status – Visitors Policy Updated

As of Wednesday, October 28th, the Simcoe Muskoka Health Unit has declared Collingwood and surrounding area out of Alert Status. We are now **GREEN**.

Bay Haven Care Community has updated the Visitors Policy to accommodate this change. The update affects the number of general visitors and essential designated caregivers, as well as short stay visits for non-medical reasons. Temporary absence are still on hold. PPE requirements, screening requirements, and other requirements set out in the Visitors Policy still apply.

To read the entire Visitors Policy, please visit our website.

- ❑ Residents are allowed to have two essential designated caregivers with them at a time.
- ❑ A maximum of two General Visitor for Indoor, outdoor, and window visits at a time. Book an appointment on our website.
- ❑ Residents may go on short-stay absences with approval from the Director of Nursing or Charge Nurse. See the Visitors Policy on our website for more information.

It's the Great Pumpkin: Bay Haven Edition

The Recreation Department did a phenomenal job in creating a pumpkin patch for both Retirement and Long-Term Care residents. The pumpkin patch included homemade Halloween treats, apple cider, and hot cocoa for the residents to enjoy. Also included was spooky Halloween music and fortune teller Kathy who knew a lot about the residents! After choosing their pumpkins, residents had an option to either paint a face on them or just keep them in their rooms. The residents absolutely loved this event and we are excited to do it again next year! We would like to extend our thanks to Sanfilippo's Wholesale Fruits & Vegetables for providing us with 30 of the most beautiful pumpkins we have ever seen!

Remembrance Day Celebration

Bay Haven Care Community will be having a Remembrance Day celebration on Wednesday, November 11th. There will be a local trumpet player playing Taps, Reveille, and O Canada. Retirement Home residents will have an entire week dedicated to Remembrance Day music, poems, and programs. Look at calendar for details.

Get Your Flu Shot Early This Month

Bay Haven Care Community will be providing both Retirement and Long-Term Care Home residents with flu shots. Long-Term Care Home residents will be getting their flu shots on November 2nd, 4th, and 6th, whereas the Retirement Home residents will be getting their flu shots on November 5th. The annual flu shot is important to take, especially since we are currently in a pandemic. Let's all stay healthy and safe everyone!
